IBM SkillsBuild Micro Internship Program 2023

Are you ready to revolutionize your approach to problem-solving and unleash your innovative spirit? Don't miss out on our exclusive **2 Weeks Virtual Internship Program** on **Data Analytics** and **Unlocking Data Insights with Excel,** starting from November 06th!

DATA ANALYTICS

The Data Analytics Micro Internship Program is designed to bring you experiential learning in data science using Python, Machine Learning, and Data Visualization. Students will learn a practical approach through an interactive learning environment, professional guidance from industry experts and working on real-time projects.

UNLOCKING DATA INSIGHTS WITH MS EXCEL

The Unlocking Data Insights with MS Excel Micro Internship Program is designed to bring you experiential learning in data analysis, data manipulation, formating & cleansing using MS Excel with hands-on practice on Excel formulas. Start your Data Analyst journey by harnessing the full potential of Excel today to enhance your domain proficiency. No prior spreadsheet or coding knowledge is needed.

The internship Program concludes with final deliverable submission where the best shortlisted deliverables are showcased to IBM Global as a part of Industry connect.

KEY BENEFITS

- Opportunity to gain internships and full-time job opportunities with IBM and its network partners.
- Learn about Data Analytics, domain specific skills, and software.
